THE GREAT WAR

1914-19

EXPLANATORY FOREWORD.

The Minister desires that the final official list, to be published at a later date, should include, accurately, the full particulars indicated for every Ontario teacher who has seen actual service in connection with the Great War. Accordingly, copies of this provisional list are being sent to all concerned with a request for information as to corrections and additions. These may be supplied on the list itself or in a separate letter. In either case the one sending the information and vouching therefor is requested to sign his name and address. When the list has been completed as far as possible, it will be reprinted in a permanent form and distributed to all who may be interested.

This provisional list contains the names of all the Ontario teachers who have been reported to the Department of Education as having been on actual service in connection with the Great War. The information concerning each is written in two lines. The first line contains the name in full, the home address, the certificate held, and the professional position at the time of enlistment. The second line contains the record of Military Service in the following order:—date of enlistment, final Military rank and the last Military unit, the country in which the teacher served outside of Canada, casualties and decorations, if any, with the dates and names of the engagements associated therewith, and finally the date of discharge. The following example will illustrate:—

Poyser, Beecher Doran, Iroquois, II, s. Ottawa N. S.;
1/12/15, Capt., 4th C.M.R., Fr., M.C. Passchendaele, Wounded 4/8/18, Ret. 3/4/19.

This record indicates that Beecher Doran Poyser, whose home address is Iroquois, holds a Second Class certificate (II) and was a student (s) at the Ottawa Normal School (N. S.) at the time of enlistment, which was December 1st, 1915. His final Military rank was that of Captain in the 4th C.M.R., in which he served in France. He was awarded the Military Cross at Passchendaele and was wounded on August 4th, 1918. He returned to Canada on April 3rd, 1919. In this case the exact date of discharge is lacking.

Notifications of corrections or of additions to this list should be addressed to the Registrar, Department of Education.
